Dear Alice,

I have inclosed both the letters which I recently received from Arthur Halton and the one which I have just sent to him.

The letter from Arthur is just for your information. I would appreciate your returning that one to me. The other you may wish to keep for your own files.

You all are very sweet to write to me and to say such nice things and I am very grateful for your kindnesses.

I shall be sending you snapshots now and then as I receive them from the photo shop. Be on the lookout.

Mother is calling me to come try on a pattern so I must stop. I did want you to have the copy of these letters inclosed as soon as I sent it, though.

Hastily,

Anne
