

but would feel better if someone from over there in Australia who knew him at the time also would make such a mention in order to make that clear in the minds of the folks here in the States.

I'd like to think that, even though our business transactions are to terminate in a few months or so, we shall continue our friendship which is one the experiences which I shall remember above all the others in Australia.

You will be interested to know that I visited Harry's folks in San Francisco. They are mighty fine people. If only he could have returned to them! I hope to get out there again some day to visit with them as I know he would have liked me to.

Please continue with your plans as regards his cattle for I trust your judgement implicitly. I thank you again for your interest in my behalf.

My regards to the children and the folks up at the big house.
